

FOOD SAFETY POLICY

The management will ensure that all customers get the best products that produced in a clean and safe environment. We are also committed to:

1. Produce clean food-based products, as well as meet the needs and wants of customers.
2. Always prioritize product safety through continuous research based on laws and regulations set by the authorities.
3. Always strive to improve the performance and quality of the products produced.

This responsibility is carried out based on:

- a. Food Act 1983
- b. Food Regulations 1985
- c. Food Hygiene Regulations 2009
